Dear Dr. Bordonaro,

UL has recently completed two investigations of your product has been completed under project numbers 06NK09692 and 06NK12597, and the subject products were determined to comply with the applicable requirements.

The revisions to your file documents, as well as the revisions to the On-Line Certification Directory have fallen behind schedule, due to high project traffic at our Regional Transaction Center.

Therefore, I am including a copy of your UL Listing Card as recently revised by CAS in order to provide verification of the current module models held under listing.

Photovoltaic modules, Models E25, -28, -30, -31, -32, -33, -34, -35, -36, -37, -38, -50, -56, -60, -62, -64, -66, -68, -70, -72, -74, -76, EC-47, EC-51, EC-55, EC-94, EC-94-G, EC-102, EC-102-G, EC-110, EC-102-G, EC-115, EC-115-G, EC-120, EC-120-G. May be followed by suffixes "D", "L" and /or "MC".

Photovoltaic modules, Models ES-160, -165, -170, -175, -180, -185, -190, -195 and -200. May be followed by Suffixes "-R" or "S" and/or "D," "L" or "MC".

These revisions will also appear on a Canadian Listing Card, indicating compliance to ULC ORD/C1703-01 for "cUL" Marking.

If you have any other questions, please let us know.

Sincerely,

Steven Jochums
